Work History

1988-2013 USPS Postal Clerk

During my close to 25 years employed by the USPS I worked as a clerk in the mail distribution plant. All of my multiple clerk positions through the years were night shifts working with automated machinery. I performed steward duties for two years working with the APWU (American Postal Workers Union). I wrote a newsletter for seven years for the APWU as well as being the webmaster for the APWU's union website.

Education

1973 North Salem High School

1975-2010 Various College Courses at
Chemeketa Community College
